### Experience

---

#### Amano Pan / owner / *amanopan.com*

JANUARY 2021 - PRESENT, MILWAUKEE, WI

After a decade of working and honing my skills as a sourdough baker around the country and abroad, I started Amano Pan to fully explore the type of bread I envisioned. As head baker and owner, I was responsible for all aspects of the business from production to sales to accounting. Amano Pan was operating out of the newly developed 3rd Street Market Hall in downtown Milwaukee up to July 2022.

#### Paradise Beauty Salon / *lead programmer*

JUNE 2020 - PRESENT

Simple, yet scalable, website for a small salon in Miami used to showcase services offered and operating hours. I made sure the way this site was built allowed for more expansions to be added later,, such as stylist profiles and navbar options.

#### Soft Riders / *lead programmer*

OCTOBER 2019 - PRESENT

My client, a musician and DJ, wanted to bring together playlists and videos scattered across multiple platforms and consolidate them into a single website for a better listening/user experience. As a way to apply and learn the most I could, I wrote most of this in plain javascript with jQuery and EJS. I also made use of API calls and OAuth through Spotify.

---

### Education

---

#### Art Center College of Design / *BFA in Illustration*

APRIL 2006, PASADENA, CA
